

# FABTEX ENGINEERING WORKS

OFFICE: 7/1, SRIRAM NAGAR, (OPP. MANIS THEATRE), PEELAMEDU, COIMBATORE - 641004

GSTIN: 33ADZPB5220F1ZS TIN : 33982100718 CST : 625442 DT : 30-11-93

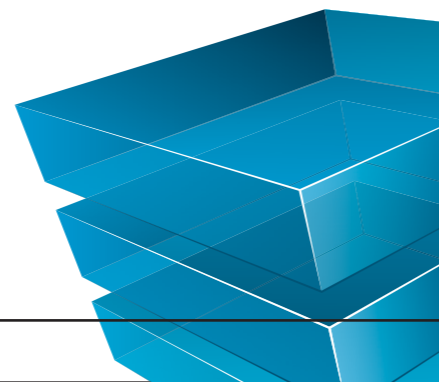

## COIR PITH BLOCK MACHINE

650gms Block

5kg Block

## SPECIFICATION

MODEL	CPB - 10	CPB - 20
<b>Baler Application</b>	Coir Pith Dust, Coir Pith	
<b>Bale weight (kgs)</b>	5	
<b>Block Size (mm)</b>	<b>Length</b>	300
	<b>Width</b>	300
	<b>Height</b>	750
<b>Bale Production (block/h)</b>	Up to 160	Up to 180
<b>Material Feeding Conveyor</b>	Optional	
<b>Bale Ejection</b>	Automatic	

## FEATURES

- **PLC Control System** automates the operation and promotes accuracy.
- **Automatic Bale Ejection** enables labor-free bale ejecting.
- **High compaction ratio**
- **Effective Operation** due to fast cycle time.
- **Sensors and limit switches** provided to control the bale weight
- **Hydraulic safety system** extensive safety standard are followed for machines as well as the labor
- **Automatic Feeding Conveyor is Optional** for continuous feeding material, and with the help of sensors and PLC, conveyor will automatically start or stop when the material below or above certain position on hopper. This enhances feeding speed and maximize throughput.
